

The Field Checklist of Saskatchewan Flora by Area series was developed by John Hudson and distributed by the Saskatchewan Natural History Society (Nature Saskatchewan). Both Nature Saskatchewan and John Hudson's family have provided their permission for these checklists to be made available online.

The following is an article written in 2010 in tribute to John Hudson by Vernon L. Harms, originally printed in the Native Plant Society of Saskatchewan's Native Plant News (Vol. 15, No. 2) and included here with permission from the Native Plant Society of Saskatchewan. The Field Checklist begins on the next page.

Remembering a Great Botanist

By Vernon L. Harms

Former U. of S. Professor of Botany

With the passing of John Howard Hudson, we have lost a dedicated, highly knowledgeable, and prolific floristic botanist. While formally educated, John's extensive botanical knowledge and plant identification expertise were almost entirely self-learned and his many botanical contributions came via his hobby rather than through paid professional work.

John was born on July 27, 1923, to Allan and Dorothy Hudson, and raised on the family farm between Mortlach and Parkbeg, Sask. After graduating from the University of Saskatchewan with a master's degree in Chemistry, John worked for many years at the Saskatchewan Research Council in Saskatoon as a ceramics engineer.

John had an especially great love and enthusiasm for botany and Saskatchewan plants. This became an overwhelming life-time endeavour. During summers, he made numerous botanizing trips throughout the province. He collected in excess of 5,000 specimens of native and naturalized plants.

John was a selective collector, searching especially for the new, rare and unusual plants ("novelties" he called them). Besides keen vision, John appeared to have an encyclopedic mind and a photographic memory that seemingly allowing him to 'scroll' through identification keys in his mind while examining plants in the field. John's neat, well collected specimens, were accompanied by hand-scripted labels giving meticulous collecting data. John's plant collections are especially valuable in containing so many meaningful contributions to the known flora of Saskatchewan.

Over the course of more than a half-century John almost annually published botanical articles or notes, reporting and describing the new, rare or unusual, native and naturalized plants that he had found during preceding field seasons. Literally dozens of newly discovered plant species in the natural flora of Saskatchewan were collected and reported by John and the known ranges of many other species were significantly amplified. A singularly important contribution to our knowledge of Saskatchewan's flora was his *Carex* in Saskatchewan, published in 1977. John Hudson certainly left his mark with his many contributions to our knowledge of the Saskatchewan flora.

But the foregoing hardly begins to adequately describe the impact John made on many botanically interested persons in Saskatchewan. Over the years he identified or verified plant collections for numerous individuals. He accompanied many on field trips, sharing his considerable knowledge. He was our resident Saskatchewan expert on sedges (*Carex* spp.) and was frequently con-tacted in this capacity.

John Hudson was a highly intelligent and knowledgeable person. Personally, I appreciated him as a colleague and friend, and have fond memories of hours spent working together, both in the her-barium and in the field. During the non-field season, John would spend almost every noon hour, and often evenings and weekends, working with the plant collections in the University of Saskatchewan's W.P. Fraser Herbarium. We had numerous deliberations about various plants. Questions were often passed to him for comment. John was not an overly verbal man but he would deliver his words and comments deliberately and precisely. One can remember well his delightful, though subtle, sense of humour.

Recently John donated his fine plant collections to the W. P. Fraser Herbarium. These excellent collections themselves represent a valuable continuing legacy for him.

John was a special person who contributed much to Saskatchewan floristic botany. As a person, he meant much to many of us, and he will be greatly missed.

FIELD CHECKLIST OF SASKATCHEWAN FLORA CENTER LIST

MAP OF SASKATCHEWAN SHOWING SOIL ZONES

EQUISETAC.

- Equisetum arvense*
- Equisetum fluviatile*
- E. hyemale/affine*
- Equisetum laevigatum*
- Equisetum palustre*
- Equisetum pratense*
- Equisetum scirpoides*
- Equisetum sylvaticum*
- Equisetum variegatum*

LYCOPODIAC.

- Lycopodium annotinum*
- Lycopodium complanatum*
- Lycopodium obscurum*

SELAGINELLAC.

- Selaginella densa*
- Selaginella selaginoides*

OPHIOGLOSSAC.

- Botrychium lunaria*
- Botrychium matricariaefolium*
- Botrychium multifidum*
- Botrychium virginianum*

POLYPODIAC.

- Cystopteris fragilis*
- Dryopteris austriaca/spinulosa*
- Gymnocarpium dryopteris*
- Onoclea striathopteris*

MARSILEAC.

- Marsilea mucronata*

PINAC.

- Juniperus communis*
- Juniperus horizontalis*
- Larix laricina*
- Picea glauca*
- Picea mariana*
- Pinus banksiana*

TYPHAC.

- Typha latifolia*

SPARGANIAC.

- Sparganium chlorocarpum*
- Sparganium eurycarpum*
- Sparganium multipedunculatum*

ZOSTERAC.

- Potamogeton crispus*
- Potamogeton filiformis*
- Potamogeton foliosus*
- Potamogeton friesii*
- Potamogeton gramineus*
- Potamogeton natans*
- Potamogeton pectinatus*
- Potamogeton praelongus*
- Potamogeton pusillus*
- Potamogeton richardsonii*
- Potamogeton strictifolius*
- Potamogeton vaginatus*
- Potamogeton zosteriformis*
- Ruppia maritima*
- Zannichellia palustris*

NAJADAC.

- Najas flexilis*

JUNCAGINAC.

- Triglochin maritima*
- Triglochin palustris*

ALISMAC.

- Alisma gramineum*
- Alisma plantago-aquatica*
- Sagittaria cuneata*
- Sagittaria latifolia*

HYDROCHARITAC.

- Elodea longivaginata*

GRAMINAE

- Agropyron albicans*
- Agropyron cristatum s.l.*
- Agropyron dasystachyum*
- Agropyron intermedium*
- Agropyron repens*
- Agropyron smithii*
- Agropyron subsecundum*
- Agropyron trachycolum*
- Agrostis alba/stolonifera*
- Agrostis exarata*
- Agrostis scabra*
- Alopecurus aequalis*
- Alopecurus geniculatus*
- Andropogon scoparius*
- Avena fatua*
- Beckmannia syzigachne*
- Bouteloua gracilis*

Psoralea esculenta
Psoralea lanceolata
Thermopsis rhombifolia
Trifolium hybridum
Trifolium pratense
Trifolium repens
Vicia americana
Vicia cracca
Vicia sparsifolia

GERANIAC.

Erodium cicutarium
Geranium bicknellii
Geranium carolinianum

Oxalis corniculata s.l.
LINAC.
Linum lewisii
Linum rigidum

BALSAMINAC.

Impatiens capensis + clausum mat

Impatiens noli-tangere

POLYGALAC.

Polygala paucifolia

Polygala senega

EUPHORBAC.

Euphorbia esula
Euphorbia glyptosperma
Euphorbia serpyllifolia

CALLITRICHAC.

Callitriche hermaphroditica
Callitriche palustris

ANACARDIAC.

Rhus radicans

ACERAC.

Acer negundo
Acer spicatum

RHAMNAC.

Rhamnus alnifolia
Rhamnus cathartica

MALVAC.

Malva rotundifolia
Sphaeralcea coccinea

HYPERICAC.

Hypericum majus

ELATINAC.

Elatine triandra

CISTAC.

Hudsonia tomentosa

VIOLAC.

Viola adunca
Viola nephrophylla
Viola nuttallii s.l.
Viola palustris
Viola pedatifida
Viola renifolia
Viola rugulosa

CACTAC.

Mamillaria vivipara
Opuntia fragilis
Opuntia polyacantha

ELAEGNAC.

Elaeagnus commutata
Shepherdia argentea
Shepherdia canadensis

ONAGRAC.

Circaea alpina
Epilobium angustifolium
Epilobium glandulosum
Epilobium leptophyllum
Epilobium palustre
Epilobium paniculatum
Gaura coccinea
Oenothera biennis
Oenothera caespitosa
Oenothera flava
Oenothera nuttallii

Oenothera serrulata

HIPPURIDAC.

Hippuris vulgaris

HALORAGAC.

Myriophyllum spicatum s.l.

ARALIAC.

Aralia nudicaulis

UMBELLIFERAE

Anethum graveolens
Carum carvi
Cicuta bulbifera
Cicuta maculata
Cymopterus acaulis
Heracleum lanatum
Lomatium foeniculaceum/villosum
Lomatium macrocarpum
Muscineon divaricatum
Osmorhiza longistylis
O. obtusa/depauperata
Pastinaca sativa
Sanicula marilandica
Sium suave
Zizia aptera

CORNAC.

Cornus canadensis
Cornus stolonifera

PYROLAC.

Monotropa uniflora
Pyrola asarifolia
Pyrola elliptica
Pyrola secunda
Pyrola/Moneses uniflora
Pyrola vitrens

ERICAC.

Andromeda polifolia
Arctostaphylos uva-ursi
Gaultheria hispidula
Ledum groenlandicum
Oxycoccus microcarpus
Oxycoccus quadripetalus
Vaccinium caespitosum
Vaccinium myrtilloides
Vaccinium vitis-idaea

PRIMULAC.

Androsace occidentalis
Androsace septentrionalis
Centunculus minimus
Dodecatheon pulchellum
Glaux maritima
Lysimachia ciliata
Lysimachia hybrida
Lysimachia thyrsoiflora
Primula incana
Primula mistassinica
Trientalis borealis

OLEAC.

Fraxinus pennsylvanica

GENTIANAC.

Gentiana affinis
Gentiana amarella
Gentiana fremontii/aquatica
Gentiana tosa
Halenia deflexa

- Lomatogonium rotatum*
Menyanthes trifoliata
APOCYNAC.
Apocynum androsaemifolium
A. cannabinum /sibiricum
ASCLEPIADAC.
Asclepias ovalifolia
Asclepias speciosa
Asclepias viridiflora
CONVOLVULAC.
Convolvulus sepium
Cuscuta gronovii s.l.
POLEMONIAC.
Collomia linearis
Navarretia minima
Phlox hoodii
HYDROPHYLLAC.
Ellisia nyctelea
Phacelia franklinii
BORAGINAC.
Cryptantha fendleri
Cryptantha (Oreocarya) macounii
Hackelia americana
Hackelia floribunda
Heliotropium curassavicum
Lappula echinata
Lappula redowstii
Lithospermum canescens
Lithospermum incisum
Mertensia paniculata
Plagiobothrys scopulorum
LABIATAE
Agastache foeniculum
Galeopsis tetrahit
Glecoma hederacea
Hedeoma hispida
Lamium amplexicaule
Lycopus americanus
Lycopus asper
Lycopus uniflorus
Mentha arvensis
Moldavica parviflora
Moldavica thymiflora
Monarda fistulosa
Physostegia virginiana s.l.
Scutellaria galericulata
Stachys palustris
SOLANAC.
Hyoscyamus niger
Physalis grandiflora
Solanum nigrum
Solanum triflorum
SCROPHULARIAC.
Castilleja mineata
Chaenorrhinum minus
Gratiola neglecta
Limosella aquatica
Linaria vulgaris
Melampyrum lineare
Orthocarpus luteus
Pedicularis parviflora
Pentstemon albidus
Pentstemon gracilis
Pentstemon nitidus
Pentstemon procerus
Veronica americana
Veronica anagallis-aquatica
Veronica peregrina
Veronica scutellata
LENTIBULARIAC.
Pinguicula vulgaris
Utricularia intermedia
Utricularia minor
Utricularia vulgaris
OROBANCHAC.
Orobanche fasciculata
Orobanche ludoviciana
PLANTAGINAC.
Plantago elongata
Plantago eriopoda
Plantago major
P. purshii/patagonica
RUBIAC.
Galium boreale
G. trifidum /labradoricum
Galium triflorum
Houstonia longifolia
CAPRIFOLIAC.
DierVilla lonicera
Linnaea borealis
Lonicera caerulea /villosa
Lonicera dioica
Lonicera involucrata
Lonicera oblongifolia
Lonicera tatarica
